### **Notice of Asphalt Milling and Repaving**

**Reed Avenue**  
 Symmes Street to Main Street  
**Cockrel Avenue**  
 Carter Avenue to Main Street  
**Stewart Avenue**  
 Apache Street to Comanche Street  
**Findlay Avenue**  
 Alameda Street to Main Street

Beginning on or about April 12, 2010, asphalt milling activities will begin on the above mentioned streets. The existing asphalt will be deep patched, edge milled and repaved as soon as possible. When activities begin please do not park on the street during the work day.

Delays may occur when asphalt paving is performed: some sections of the pavement will be closed to allow for the cooling of the asphalt. Motorists are requested to observe the direction given by the flagman on the jobsite. This construction is estimated for completion in 8 working days. There are additional streets in this area that will be milled and repaved as work proceeds.

The Urban Asphalt Milling and Repaving Program is a part of the Asphalt Reconstruction Bond Project approved by the voters in the Norman General Obligation Bond Election held on March 29, 2005.

The City's contractor on this project is:

Silver Star Construction Co.  
Telephone No. 793-1725

The City's project manager is Greg Hall and his telephone number is 329-2524. The City's project inspector is Bruce Mortimer and his telephone number is 410-3013.

Thank you for your cooperation during this construction work.
